Anti-Ragging Cell

Ragging is a malice concept that not only psychologically or physically corrodes someone from inside but can also ruin anyone's self-respect, confidence and dignity. There are various types of ragging like dress-code ragging, physical abuse, mental abuse and so on.

Indian Scenario

Highly reputed Indian colleges have a history of ragging especially medical colleges. It has decreased due to several complaints of serious injury to the victims and stringent laws pertaining

to ragging. Ragging is now defined as an act that violates or is perceived to violate an individual student's dignity.

Following Supreme Court orders, a National Anti-Ragging Helpline was launched by the Indian government. A high-level committee in 2009, which probed the death of Aman Kachroo, revealed that alcohol was the main reason leading to serious form of ragging and violence in the campus.

A report from 2007 highlights 42 instances of physical injury, and reports on ten deaths purportedly the result of ragging: Ragging has reportedly caused at least 30–31 deaths in the last seven years. In the 2007 session, approximately seven ragging deaths have been reported. In addition, a number of freshmen were severely traumatized to the extent that they were admitted to mental institutions. Ragging in India commonly involves serious abuses and clear violations of human rights. Often media reports and others unearth that it goes on, in many institutions, in the infamous **Abu Ghraib** style and on innocent victims.

However, the Anti-Ragging NGO, **Society Against Violence in Education (SAVE)** has supported that ragging is also widely and dangerously prevalent in engineering and other institutions, mainly in the hostels.

UGC Regulations and Anti Ragging Helpline

As per UGC regulations, it is mandatory for a college to register an F.I.R. with police against the culprits if any violence, physical abuse, sexual harassment, confinement etc. takes place with any fresher or students. After receiving any such complaint from the helpline, it becomes the duty of the head of the institution to register the F.I.R. with police within 24 hours. In 2013, a police case was registered against the director, dean and registrar of a reputed college in Delhi for, among other charges, not informing the police and registering F.I.R. within 24 hours of receiving the ragging complaint. (failing to inform a public authority, IPC 176).

2009 UGC Regulation

In 2009, in the wake of Aman Kachroo's death, University Grants Commission (UGC) passed UGC regulation on curbing the menace of ragging in higher educational institutions, 2009. These regulation mandate every college responsibilities to curb the menace of ragging, including strict pre-emptive measures, like lodging freshers in a separate hostel, surprise raids especially at nights by the anti-ragging squad and submission of affidavits by all senior students and their parents taking oath not to indulge in ragging.

Subsequently, UGC has made few amendments to the Regulation. As per these,

1. It is no longer required to get the verification of the affidavit done by an oath commissioner.
2. The definition of ragging is updated as:
 - "Any act of physical or mental abuse (including bullying and exclusion) targeted at another student (fresher or otherwise) on the ground of colour, race, religion, caste, ethnicity, gender (including transgender), sexual orientation, appearance, nationality, regional origins, linguistic identity, place of birth, place of residence or economic background.

Anti Ragging Cell In Skybird Aviation College

Being a Frontline aviation professional training institutes and educational centre in India, Skybird Aviation College utterly criticizes ragging to the core and considers it as a heinous crime. Every 3 month Our College conducts meeting with the cell members and the students

Meeting on Anti-Ragging

Conducted on 26th September, Thursday 2025

The meeting (Skybird Aviation College) on anti-ragging held on 26th September, Thursday 2025. All the members and student representatives attended the meeting and discussed and investigated whether any such crime has taken place so far or not. After a vivid discussion and thorough investigation, the resolution came nothing as such has taken place so far in the college premises. Since the college considers it as a heinous crime so we are still aware and we can assure if any such thing takes place in near future also we will not leave any stone unturned to take a legal steps for that.

Intellectual Property Rights Cell (I P R Cell)

“Intellectual property is a part and parcel of our life. No matter what we do and where we are, we are always surrounded by the fruits of human creativity and inventions which make our life easier”.

Intellectual property (IPR) refers to various distinct types of creations of the mind: inventions, literary and artistic works, and symbols, names, images and designs used in commerce. A set of exclusive rights like copyrights, trademarks, patents, industrial design rights and trade secrets are recognized under the corresponding fields of law. Intellectual property rights are the rights given to persons over the creations of their minds. They usually give the creator an exclusive right over the use of his/her creation for a certain period of time.

IPR is protected by law, for example, patents, copyrights and trademarks, which enable people to earn recognition or financial benefit from what they invent or create. By striking the right balance between the interests of innovators and the wider public interest, the IPR system aims to foster an environment in which creativity and innovation can flourish.

Objectives:

- To create an awareness about IPR for faculties and students.
- To impart training on future endeavours regarding patent filing processes.
- To conduct workshops, seminars and training course on IPR.
- To create an opportunity for Product development and Commercialization.

I P R Policy:

Academic and Research Institutions are concerned with successfully managing projects and research initiatives and the protection of their IP Rights which will benefit all stake holders.
